## Dear Parents/Carers

### Bad Weather

Hopefully the current spell of bad weather is coming to an end. We ask that all children come to school in warm coats, and hats and gloves if possible. Several Parents/Carers have asked about the arrangements in case of extreme snow. Initially, we would send a text message to all, with the website then updated. Sefton Council would be informed and would then relay the information across local media channels. We hope that this does not happen this year and we would only close the school if it were inaccessible, or we had a large number of staff who could not get here. Let's hope for warm weather!!

### Y6 Museum Visit

Yesterday, Y6 travelled into Liverpool city centre to visit the Maritime Museum to learn all about slavery and the links with the port of Liverpool. The children learned lots to help them with their studies and were a credit to our school whilst out.

### Y5 Savio Design Technology Day

A huge thank you to Savio for hosting the above event. The children used all of the materials and tools in the workshop and spent a morning designing and building a variety of items. We have another class visiting next week who are now really looking forward to the morning.

### Safer Internet Day

Tuesday 5th February is this year's Safer Internet Day. The children will spend time in their classes learning all about how to keep safe whilst online. We hope that they will discuss the important messages with you and that you can also reinforce the message at home, as children have ever increasing access to technology.

### Photography Sessions

Two of our Junior classes took part in photography sessions with a professional photographer. They learned how to use the equipment and then took some as part of projects on kindness and attendance. Their work will be displayed shortly for all to see.

### Stranger Danger

As ever, we ask all parents, carers and children to be vigilant in the local area. We received some information about a male acting suspiciously in the local area and have been advised that police have been informed.

### Lunchtime Supervisors

We currently have 2 positions available for the above posts. The job information and application forms can be found on Sefton Council website.  
Mr Daniels

## St Elizabeth's Mass Times

Saturday 5pm  
Sunday 9.30am

## Forthcoming Events

Tuesday 5th February-  
Safer Internet Day

Wednesday 6th February-  
KS2 Prayer Praise

Thursday 7th February-  
Y5 DT at Savio
