

St Elizabeth's Catholic Primary School  
Reading In Our School

Reading Schemes

At St Elizabeth's we use a variety of reading scheme texts and non - scheme books to ensure children learn and apply a range of reading strategies.

These include Oxford Reading Tree, Project X and Collins Big Cat. We endeavour to purchase/provide books/texts that engage boys and girls and their interests and are constantly looking to improve the books on offer for our children.

Books are organised into levels/bands. Each level has carefully chosen words, phrases, phonics, and comprehension .At Key Stage 2 books are organised into year groups with an appropriate range of challenge and content.

Throughout the school, some books are chosen to correspond to cross curricular learning at an appropriate level. We also encourage borrowing from the school library, either to read for pleasure, or to research a current curriculum topic.

Parents are encouraged to hear their child read every day, or as often as possible and return their reading bag and log to school.
