Dear Parents/Carers

Some of you will be aware that our after school childcare provision at Christchurch have said that they will no longer be able to accommodate us from this coming September. This decision was made before the current pandemic and we had hoped that another provider would step in to breach the gap. However, due to the current situation, nobody has stepped forward to replace this provision.

Things have been further complicated by the fact that Government guidelines state that due to the current situation, childcare provision can currently only be offered on the site where children are attending. This would have meant that Christchurch would not have been able to collect our children from September anyway.

We have held many conversations with both Sefton Council School Readiness Team and Lander Road School who are also affected, but we have not been able to find alternative provision. We have also tried to find a provider to come into our school and set up a base here, but for several reasons, this has not been possible.

Regrettably, we must now let you know that from September, we will not be able to offer any after school provision either on our site, or at another location. This is a situation that we wish had not arisen, but we unfortunately find ourselves in.

We will continue to explore possibilities and hope to set something up if possible in the future, but I felt it only fair to let you know where we are at currently and that currently we have exhausted all avenues.

Yours sincerely

Mr L Daniels  
Headteacher
