Dear Parent/Carers,

This letter is just to inform you what the children will be learning about during the next half term.

English

This half term we will be looking at poems written by two great poets: Michael Rosen and Roger McGough. Then we will read a fabulous story all about a man who tight-rope walked between the Twin Towers In New York.

Maths

We will be focusing on basic maths skills- place value of number, doubling, halving, the four rules of number and we will be consolidating skills from year 4.

Science

Our topic is called 'Will You Be The Next CSI Investigator? We will investigate properties and changes of materials.

Geography

Linking in with our English topic set in New York, we will find out what is so special about the USA? We will look at famous American landmarks, rivers and we will research interesting facts about American States.

Art/Music

We will look at the work of the famous American artist- Andy Warhol and his pop art. We will learn and perform songs from the musical 'Mama Mia.'

PE

Outdoor PE will be every Friday so children can come to school wearing their PE kits.

As always, we will expect the children to read at least three times a week and have their reading record signed and returned to school every Friday. Spellings and times tables must be practised at home and these will be tested on a Friday.

If you have any questions or unsure about anything please do not hesitate to contact us.

Many thanks for your continued support

The Year 5 Team
