# Spiritual, Moral, Social and Cultural Development St Elizabeth's Catholic Primary School

Live Love Learn 'I have come so that they may have life and have it to the full.' John 10:10

The distinctive nature and religious character of our school presents itself in all aspects of our school life especially in the way we aim to assist the spiritual, moral, social and cultural development of our pupils.

In St. Elizabeth's we believe that education is a means of proclaiming and revealing the life and teachings of Jesus Christ to our children, so that they may develop fully as human beings and discover purpose and meaning in their lives, now and in the future.

In St. Elizabeth's, our Catholic ethos permeates all aspects of school life and supports spiritual, moral, social and cultural development both within and beyond the curriculum. We believe in the God-given dignity of each person and are committed to ensuring all pupils have opportunities to develop spiritually, morally, socially and culturally.

The four aspects of SMSC development can be summed up in the following way:

Spiritual Development	Moral Development
Explore beliefs and experience; respect values; discover oneself and the surrounding world; use imagination and creativity; reflect; foster awe and wonder	Recognise right and wrong; understand consequences; investigate moral and ethical issues; offer reasoned views.
Social Development	Cultural Development
Use social skills in different contexts; work well with others; resolve conflicts; understand how communities work.	Appreciate cultural influences; participate in culture opportunities; understand, accept, respect and celebrate diversity.

#### **Evidence of SMSC Development**

Evidence of pupils' spiritual, moral, social and cultural development can be found, for example, where pupils:

- are reflective about beliefs, values and more profound aspects of human experience, using their imagination and creativity, and developing curiosity in their learning
- develop and apply an understanding of right and wrong in their school life and life outside school
- take part in a range of activities requiring social skills
- develop awareness of and respect for diversity in relation to, for example, gender, race, religion and belief, culture, sexual orientation and disability
- gain a well-informed understanding of the options and challenges facing them as they move through the school and on to the next stage of their education and training
- develop an appreciation of theatre, music, art and literature
- develop the skills and attitudes to enable them to participate fully and positively in democratic modern Britain
- respond positively to a range of artistic, sporting and other cultural opportunities
- understand and appreciate the range of different cultures within school and further afield as an essential element of their preparation for life

#### **Opportunities for SMSC Development**

It is important to recognise that the four aspects of SMSC development are often interwoven.

#### **Spiritual Development**

The spiritual life of St Elizabeth's school community is strong and individuals are supported to develop their own personal spirituality. This is evident in relationships and behavior and supports our school as we work to bring to life Christ's mission that, 'all may have life and have it to the full.'

At St Elizabeth's we support pupils' spiritual development through: RE curriculum – Come and See Studies of other faiths Children are given opportunity to explore and develop relationship with God (and question) through Collective Worship and the everyday life of the school Use of Sullivan Spiritual Garden Focus table for reflection in each class and in assemblies Highlighting significant feasts in the Catholic faith and in other faiths Marking or celebrating different aspects of the Liturgical year (Advent, Christmas, Ash Wednesday, Lent, Easter, Pentecost, Feast Days) Supporting pupils in preparing for and celebrating the Sacraments – With You Always Programme Links with the Church and parish community Opportunities for pupils to reflect Opportunities for pupils to discover and develop their talents within school and in extracurricular clubs Opportunities to foster awe and wonder Catering for all learning styles

#### Moral Development

St Elizabeth's brings to life Christ's new commandment, 'That you love one another as I have loved you.' The Gospel values of forgiveness, freedom, tolerance and respect are lived out in the daily life of St Elizabeth's school.

At St Elizabeth's we support pupils' moral development through:

Clear expectations for behaviour which are displayed around the school and promoted consistently

All incidences of bullying or discrimination to be dealt with in accordance with policies Constant positive reminders of expectations e.g. right and wrong RE Curriculum – Come and See School Council Peer Mediators **Play Leaders** Safety Highlighting issues in the media Opportunities for fundraising e.g. Cafod, East Meru Community School, Tanzania, Race for Life etc Modelling good practice through relationships and interactions e.g fairness, integrity, respect for people, pupils' welfare, respect for minority interests, resolution of conflict, keeping promises and contracts Providing models of moral virtue through literature, humanities, sciences, arts, assemblies and acts of worship Reinforcing the school's values through images, posters, classroom displays, screensavers, exhibitions

#### Social Development

Social development at St Elizabeth's is concerned with leading the children to understand that we are made not only for ourselves but to live with, in and through community. Only in community are we able to live out Gospel values and can 'love your neighbour as yourself.' We believe that good relationships that are based on mutual respect and love are the key to a harmonious environment where all can work together towards the common good. We further believe that what is learned in our school community will enable our children to understand the wider community and their Christian role in society.

At St Elizabeth's we support pupils' social development through:

Fostering a sense of community Community events – bingo, Christmas Fair, Sports Day, celebrations in Church, Pensioners Parties (Harvest and Christmas) Opportunities to work co-operatively Team building experiences – assemblies, team sports, music, residentials, school productions Helping pupils develop personal qualities which are valued in a civilised society, for example, thoughtfulness, honesty, respect for difference, moral principles, independence, inter-dependence, self-respect Strategies for conflict resolution, restorative justice – Link to the Gospel message: 'Love your neighbour as yourself.' Developing vocabulary with which to understand and debate social issues Leadership and responsibility

Links with the world of work – Careers Day

Links with the wider community Children's University School council elections through peer voting

### Cultural Development

At St Elizabeth's cultural development is concerned with the cultures and traditions represented in our school, its immediate environment, our country and the world. We believe it is our duty to lead our children, through the development of respect and understanding, to learn, to live with a wider variety of people from different national, cultural, racial and religious backgrounds. As our school Mission Statement says we are, 'living, loving and learning together in partnership following Jesus' example.'

At St Elizabeth's we support pupils' cultural development through:

Highlighting national cultural events Multi-cultural education in the curriculum Promoting understanding and respect for all cultures Extending pupils cultural language Opportunities for pupils to participate in literature, drama, music, art, crafts, and other cultural events Opportunities to visit (or have visitors from) the theatre, museum, concerts, galleries and reflect on their significance Reinforcing the school's cultural values through displays, posters, exhibitions, etc
